To Our Valued Customers,

Due to unprecedented inflationary pressures on materials, labor, and transportation costs, we are announcing the following price increases:

- 10% increase for TPSX-12[®] filter pressed calcium silicate pipe and block insulation
- 15% increase for TPSX-12[®] filter pressed calcium silicate fabricated fittings
- 5% increase for TPS EP-12[™] expanded perlite pipe and block insulation
- 15% increase for TPS EP-12[™] expanded perlite pressed elbows
- 15% increase for Therma-Phen[™] phenolic foam pipe insulation
- 8% increase for fabricated calsil inserts
- 15% increase for T-1000 calsil insulated pipe supports
- 10% increase for T-2000 calsil insulated pipe supports
- 15% increase for fabricated phenolic foam inserts
- 20% increase for F-1000 phenolic foam insulated pipe supports
- 10% increase for F-2000 phenolic foam insulated pipe supports
- Metal Shields will also increase in accordance with new list price schedule
- TPS will release a new commercial products list price schedule along with revised ordering terms and conditions. Please contact your TPS account rep for your new 2022 discounts.

This price increase will be effective for all orders shipped after January 7, 2022.

Best Regards,
