RE: March 10, 2025, Price Increase Notice

TO: Our valued Customers and Business Partners

Due to recent tariff announcements and swift actions on imports and exports of aluminum, stainless steel and carbon steel products, a price increase is inevitable.

RPR has worked diligently to try and hedge some of this in the past months.,

The following Increases will take effect March 10, 2025:

Aluminum Roll Goods will increase as follows: 25%

Stainless Steel Roll Goods will increase as follows: 5%

Aluminum and Stainless fittings will increase by 20%

All accessories will also Increase accordingly.

RPR continues to work closely with our suppliers to keep top quality metal on hand at the most competitive prices.

On behalf of the entire RPR Team, thank you for your continued support and loyalty. Meeting your needs with quality products, competitive pricing, and exceptional customer service is our top priority.

Thanks for your understanding.

Best Regards,

Bob Chovanec
